

## Early Childhood Workforce Index 2016 **DELAWARE**

**IN DELAWARE**, there are 67,394 children age birth through five years, and 23 percent of all Delaware children are part of low-income families. At the same time, large swaths of early childhood teachers — even those with college degrees — earn unlivable wages.

More than 3,360 members of the early childhood teaching workforce provide services to children in Delaware.
