

Early Childhood Workforce Index 2016 NORTH CAROLINA

IN NORTH CAROLINA, there are 733,691 children age birth through five years; 65 percent of these children live in households where all available parents are currently working, and 30 percent of all North Carolina children are part of low-income families. It is widely agreed that the current early care and education system across states is woefully underfunded. The [cost of services](#) is out of reach for many working families, including those who earn middle-class wages. At the same time, large swaths of early childhood teachers — even those with college degrees — earn unlivable wages.

More than 34,820 members of the early childhood teaching workforce provide services to children in North Carolina.

Occupation	Percentile	Median wage
Surgeon	99th	≥ \$90
Kindergarten teacher	48th	\$19.20
Preschool teacher	14th	\$12.48
Child care worker	5th	\$9.45

Selected Occupations Ranked by Earnings

- In 2015, the median wage for child care workers was \$9.45, **a 2% decrease since 2010.**
- For preschool teachers, the median wage was \$12.48, **a 14% increase since 2010.**

Use of Public Income Supports (EITC, Medicaid, Food Stamps, TANF)

- Child care worker families' participation in one or more public income support programs: **48%**
- Cost of child care worker families' participation in public income support programs: **\$37.4 million**
