

Early Childhood Workforce Index 2018 OHIO

836,763
Children age 0-5

37,110*
Members of the
early childhood
teaching workforce

IN OHIO, 69 percent of children live in households where all available parents are currently working, and 25 percent of all Ohio children are part of low-income families. It is widely agreed that the current early care and education system across states is woefully underfunded. The [cost of services](#) is out of reach for many working families, including those who earn middle-class wages.

At the same time, large swaths of early childhood teachers — even those with college degrees — earn unlivable wages. More than 37,110 members of the early childhood teaching workforce provide services to children in Ohio.

Occupation	Median wage
Child care worker	\$9.86
Preschool teacher	\$11.80
Center director	\$18.60
Kindergarten teacher	\$31.52
Elementary teacher	\$34.36
All workers	\$17.55

Earnings by Occupation

- In 2017 the median wage for child care workers was \$9.86, **with no change since 2015.**
- For preschool teachers the median wage was \$11.80, **a 1% increase since 2015.**
- For preschool or child care center directors, the median wage was \$18.60, **a 2% increase since 2015.**

Use of Public Income Supports (EITC, Medicaid, Food Stamps, TANF)

- Child care worker families' participation in one or more public income support programs: **50%**

*Total includes the following occupations as defined by the U.S. Bureau of Labor Statistics Occupational Employment Statistics (OES): "child care workers," "preschool teachers, excluding special education," "preschool teachers, special education," "education administrators: preschool/child care center programs". These data do not include the self-employed, although home-based child care assistants, who are employees, are likely included in the "child care worker" category. Due to the limited data available across states in the OES, state-based surveys or registries may provide more comprehensive estimates of the ECE workforce.
