

Early Childhood Workforce Index 2016 MISSISSIPPI

IN MISSISSIPPI, there are 234,738 children age birth through five years; 69 percent of these children live in households where all available parents are currently working, and 30 percent of all Mississippi children are part of low-income families. It is widely agreed that the current early care and education system across states is woefully underfunded. The [cost of services](#) is out of reach for many working families, including those who earn middle-class wages. At the same time, large swaths of early childhood teachers — even those with college degrees — earn unlivable wages.

More than 8,750 members of the early childhood teaching workforce provide services to children in Mississippi.

Occupation	Percentile	Median wage
Surgeon	99th	≥ \$90
Kindergarten teacher	56th	\$19.13
Preschool teacher	20th	\$12.01
Child care worker	2nd	\$8.72

Selected Occupations Ranked by Earnings

- In 2015, the median wage for child care workers was \$8.72, **a 4% decrease since 2010.**
- For preschool teachers, the median wage was \$12.01, **a 20% increase since 2010.**
