

# Early Childhood Workforce Index 2018 MISSISSIPPI

227,284  
Children age 0-5

9,880\*  
Members of the  
early childhood  
teaching workforce

**IN MISSISSIPPI**, 69 percent of children live in households where all available parents are currently working, and 30 percent of all Mississippi children are part of low-income families. It is widely agreed that the current early care and education system across states is woefully underfunded. The [cost of services](#) is out of reach for many working families, including those who earn middle-class wages.

At the same time, large swaths of early childhood teachers — even those with college degrees — earn unlivable wages. More than 9,880 members of the early childhood teaching workforce provide services to children in Mississippi.

Occupation	Median wage
Child care worker	\$8.84
Preschool teacher	\$13.14
Center director	\$16.56
Kindergarten teacher	\$24.83
Elementary teacher	\$25.04
All workers	\$14.46

## Earnings by Occupation

- In 2017 the median wage for child care workers was \$8.84, **a 1% decrease since 2015.**
- For preschool teachers the median wage was \$13.14, **a 6% increase since 2015.**
- For preschool or child care center directors, the median wage was \$16.56, **a 16% decrease since 2015.**

\*Total includes the following occupations as defined by the U.S. Bureau of Labor Statistics Occupational Employment Statistics (OES): "child care workers," "preschool teachers, excluding special education," "preschool teachers, special education," "education administrators: preschool/child care center programs". These data do not include the self-employed, although home-based child care assistants, who are employees, are likely included in the "child care worker" category. Due to the limited data available across states in the OES, state-based surveys or registries may provide more comprehensive estimates of the ECE workforce.

## Early Childhood Workforce Policies

<b>Qualifications &amp; educational supports:</b>  Stalled	Pre-K	BA minimum for lead teacher?	Yes
