

# Early Childhood Workforce Index 2016 ALABAMA

**IN ALABAMA**, there are 354,924 children age birth through five years; 64 percent of these children live in households where all available parents are currently working, and 29 percent of all Alabama children are part of low-income families. It is widely agreed that the current early care and education system across states is woefully underfunded. The [cost of services](#) is out of reach for many working families, including those who earn middle-class wages. At the same time, large swaths of early childhood teachers — even those with college degrees — earn unlivable wages.

More than 10,420 members of the early childhood teaching workforce provide services to children in Alabama.

Occupation	Percentile	Median wage
Surgeon	99th	≥ \$90
Kindergarten teacher	61st	\$22.99
Preschool teacher	20th	\$12.78
Child care worker	2nd	\$8.75

## Selected Occupations Ranked by Earnings

- In 2015, the median wage for child care workers was \$8.75, **a 4% decrease since 2010.**
- For preschool teachers, the median wage was \$12.78, **a 4% decrease since 2010.**
